GBX20 Firmware Release Notes

Table of Contents

FIRMWARE VERSION 1.0.1.9

PRODUCT NAME

GBX20

DATE

02/21/2023

FIRMWARE FILE INFORMATION

- Firmware file name: gbx20fw.bin

  MD5: acda8f8ab297cd353f4756721fd1b82e

BUG FIX

- Fixed issue where Hebrew characters weren't being displayed properly

- Fixed issue where GBX20 couldn't perform firmware upgrades using a server with a domain name

- Fixed issue with Active MPK page where it would display the page number on the bottom instead of "A" for active

- Fixed issue where BLF LED wasn't blinking correctly when monitoring a parked call
